FEEDBACK FROM PARTICIPANTS

"Komtrans + BUSexpo Astana is a major platform to showcase your machinery, present innovations, and build business partnerships. Here, many partners are engaged in negotiations, and such an opportunity to develop cooperation should not be missed, which is why we are very pleased to be here.

Vitaliy Ryadinsky,
Head of Sales for Commercial Special Vehicles,
"QazTehna" Plant

"Last year, we also participated in this exhibition, and as a result, we signed a significant number of large and promising contracts. We found new partners here and see strong potential for continued cooperation.

Konstantin Sharov
Head of the Dealer NetworkDivision for CIS Countries,
Modern Transport Technollogies Group

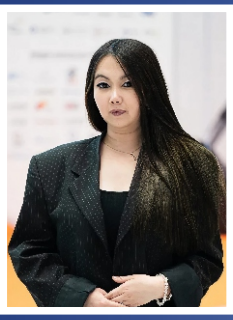

"We are presenting the FAW brand at this exhibition. We have a tractor unit, a dump truck, and commercial vehicles on display. The exhibition is going well.
We have two potential requests. One client is even ready to sign a leasing contract.
On behalf of myself and the Silkway Techno company, I'd like to thank the Komtrans exhibition organizers.
Thank you very much. We look forward to further participation and future invitations.
Thank you.

Rustam Tyutenov
Head of Sales Department for the FAW brand

Evgeny Sergeev
